Rainbow

David Archuleta

Go
Rainbow, rainbow, rainbow
We're the colors of the rainbow, rainbow, rainbow
Rainbow, rainbow, rainbow
He grew up in the city, had a lot of money
Sponging off his daddy all the time
He lives in a bubble, never had to struggle
So far from the benefit line
But he feels blue sometimes
And his blood bleeds red like mine
The grass is greener on the other side
What I'm saying is we're all alike
We're the colors of the rainbow, yeah, yeah
Let's share our pot of gold
We're the colors of the rainbow, yeah, yeah
Everybody's on the yellow brick road
There's enough for you, you, you
There's enough for me, me, me
We're the colors of the rainbow, yeah, yeah
We're the colors of the rainbow, yeah, yeah
Rainbow, rainbow, rainbow, rainbow
Rainbow, rainbow, rainbow, rainbow
There's mami in the ghetto, gotta work a double
Just to pay the bills and get by
But more power to ya, keep doing what you doing
Everybody's steady on your grime
But you feel blue sometimes
And you're blood bleeds red like mine
The grass is greener on the other side
What I'm saying is we're all alike
We're the colors of the rainbow, yeah, yeah
Let's share our pot of gold
We're the colors of the rainbow, yeah, yeah
Everybody's on the yellow brick road
There's enough for you, you, you
There's enough for me, me, me
We're the colors of the rainbow, yeah
We're the colors of the rainbow, yeah
Hello, hello

Why does everybody get so mad?
Yellow, yellow
Is the color for the battle in my head
I need pink in my life like love in my heart
Silver in the sky as we rock with the stars
We just can't keep fighting anymore, no, no, no
We're the colors of the rainbow, yeah, yeah
Let's share our pot of gold
We're the colors of the rainbow, yeah, yeah
Everybody's on the yellow brick road
There's enough for you, you, you
There's enough for me, me, me
We're the colors of the rainbow, yeah, yeah
Rainbow, yeah, yeah
We're the colors of the rainbow, yeah, yeah
We're the colors of the rainbow, yeah
We're the colors of the rainbow, yeah
We're the colors of the rainbow, yeah
Colors of the rainbow, colors of the rainbow
Yeah, yeah, yeah, yeah, yeah, yeah, yeah
Colors of the rainbow
