

The Green Manalishi (With the Two-Pronged Crown)

Judas Priest

Now when the day goes to sleep and
the full moon looks
And the night is so black that
the darkness cooks
And you come sneaking around
making me do things I don't want to do I can't believe that she needs my
love so bad
Always creeping around
trying to drive me mad
Busting in all my dreams
making me see things
I don't want to see 'Cause you're the Green Manalishi
with the two-pronged crown
All night dragging us up
or you're bringing us down
Just taking my love, and slip away
Leaving me here
just trying to keep from following you
