

# Emtee (feat Mushroomhead)

## Otep

eye remember  
suffering  
eye remember  
... feeling the sting  
of childhood  
& injections  
holy bruises  
sweet infections  
soaked  
in  
a  
stew  
like drowning  
cockroaches  
whose only ..  
crime  
was the  
greed of  
inherent  
hunger  
u know where  
eye'm fragile  
u know how  
to kill  
.....kill  
all fall away  
all fall today  
PAIN!!  
pain.  
i can't keep  
this rage in me  
can't keep  
pretending  
can't be  
this emtee  
...anymore  
i can  
make  
it go away

... make it go away
