Imperfection (feat. Fuse ODG, Frisco & Ghetts)

Tinchy Stryder

[Pre-Chorus: Fuse ODG]
We rise then we fall away
We hung up then we call away
Leave, I'll totally miss you today
We can't have it all, oh yeah[Chorus: Fuse ODG]
I'm gonna love you anyway, I'm gonna love you anyway
I'm gonna love you anyway, I'm gonna love you anyway
I'm gonna love you anyway, I'm gonna love you anyway
I'm gonna love you anyway, I'm gonna love you anyway[Post-Chorus: Fuse ODG & (Tinchy)](x2)
Imperfection (I know it's far from perfect)
(But let's try, it'll be worth it)
Imperfection (my love, you deserve it)
(Have a try, we can work it)[Verse 2: Tinchy Stryder]
Originate from the east side of Africa
But I met her on the west side of London
Me, I'm coming from the west side of Africa
But I grew up on the east side of London, it's aligning
Finders keepers, therefore losers weepers
You're looking like oh my, Jesus
In your own class, never had the same teachers
[?] forever remain cheaters
Madness, no, not this time
Knew it from the last time
Looked in my eye, said there won't be a next time
Fall back, let me reclimb
Not selfish, no more me time
