

# Goddess (feat. G-Eazy)

MOD SUN

I wanna runaway with you  
Runaway with you Yeah, she a goddess  
Uh, yeah Runaway with you  
Runaway with you She a goddess  
She a goddess  
I'm just being honest  
Runaway with me  
I swear goddess  
'Cause you the finest  
Deserve the finest  
They'll never find us on an island  
We'll be smiling  
We'll be shining  
We'll be styling  
On and every summer  
Make up for every bummer  
I'll treat you like you undiscovered  
Never find a better lover  
And that's a promise  
Time is upon us  
So skip the conversate  
Find a squatter
