

# The Way You Make Me Feel

[Aleksander With](#)

Couldn't feel much better Than the way I fell tonight  
Feel like I could live forever Feel like I could fly When I  
thought I'd get it wrong, yeah You somehow make things right That's the way you make me feel Better than it's  
ever been Better than I've ever known it I can't seem to control it, no Like the sun coming up in the morning  
The way you make me feel Like holding the world in your hands I couldn't feel much better In a way I could  
never imagine (yeah) The way you make me feel Than when I'm here with you You make everything seem so  
easy But somehow...you always do I'm telling you the truth You never try to please me [CHORUS] The way  
you make me feel, yeah The way you make me feel The simple things you do to me Simple things you say I  
sometimes can't believe it's for real The way you make me feel, yeah [CHORUS] The way you make me feel  
The way you make me feel
