

# Projects

## Baiter Space

Drowsy eyes, waves are crashin' on the shore  
No longer make out any form  
Drift to sleepBeneath cool sheets, as when I was a boy  
Waves rollin' on the shore  
In distant soundDark in heaven, baby, that's for sure  
Dark in heaven, baby, that's for sureSettling voice, endless depth in my ears  
Tongue that sears, hopes and fears  
The voice is infiniteStarlit seas, midnight breeze beneath cold sheets  
The surf sighs in sympathy  
Drift to sleepDark in heaven, baby, that's for sure  
Dark in heaven, baby, that's for sureDark in heaven, baby, that's for sure  
Dark in heaven, baby, that's for sureDark swells the sea  
Time is ripping at the seams  
Symphonic rain, symphonic pain, symphonyOutside is black in the projects wanted back  
Standin' at the end of time  
In ecstasy, in ecstasyIn ecstasy, in ecstasy  
In ecstasy, in ecstasy
