Heather

In Virtue

I tried to call. You'd just gone out
We've got to talk. You going to be about?
Oh you don't have to tell me where you've been
It's bad enough I know you were with him

What made you want to take him there?
What made you think I wouldn't care?
And did you walk from the town into the heather
To where we used to lie down when we were together

No, I walked by, I sort of knew
I don't know why, maybe I'll ask you!
You don't have to tell me lies today
I saw him sat there waiting anyway

But what made you want to take him there?
What made you think I wouldn't care?
And did you walk from the town into the heather
To where we used to lie down when we were together

And I know I said I wouldn't be the one
But an empty bed, your clothes all gone
I didn't know how much I'd miss you until now
I didn't know how much you mean to me somehow

But what made you want to take him there?
What made you think I wouldn't care?
And did you walk from the town into the heather
To where we used to lie down when we were together
