Keep Swinging

Pedro the Lion

You got drunk more so than you'd ever been
You hailed a cab but passed out cold
Before you told the driver where to go
And so he drove you around ChicagoYou woke up sicker than you'd ever been
You threw up and shit on the bed
And there was no one there to clean you up
And the room was spinning all aroundMake a fist and take a deep breath
Close your eyes and count to ten
Just keep swinging 'til you're over it
The mess you left had got you feeling pretty bad
But she is a maid I guess that's what she get's paid forMake a fist and take a deep breath
Close your eyes and count to ten
Just keep swinging 'til you're over it
