

# Premonition

AndrÃ© Obin

Woke up this morning, yeah  
With this warning  
My premonition will come true  
(Well)  
I'm no psychic, man  
I am no skeptic but  
I got news for you  
(Yeah)  
I woke up dreaming  
With a message in my head  
Is someone playing games with me?  
You have to watch out for  
A black cat across your path  
Or seven years will pass, oh  
You keep on doing  
What you're doing  
All the time, oh  
Any day, I'll be loose  
I know the feeling  
When you lose all control  
Hey you, turn around  
Look down and feel the ground  
You won't come close to fire  
To yourself, you're just a liar, yeah  
Woke up this morning, yeah  
With this warning  
My premonition will come true  
I woke up dreaming  
With a message in my head  
Is someone playing tricks on me?  
You have to watch out for  
A black cat across your path  
Or seven years will pass, oh  
You keep on doing  
What you're doing  
All the time, oh  
Any day, I'll be loose  
I know the feeling  
When you lose all control
