

One Day Less (New Recording)

John Michael Montgomery

Happy Anniversary, baby
The years are rushing by us
You are more beautiful today
Than when we walked down the aisle
And I'm no good at this
But what I'm trying to say is
Having you stand beside me
Has made my life worthwhile
One true friend
Is what you've always been to me
One true friend
Is what I always wanna be
To have someone to love you
That's true happiness
May you live to be a 100
May I live one day less
There were times when we scraped by
A year or two and it was rough
But I love you more for what we went through
You never stopped believing in us
And I know I'm one of the lucky ones
I couldn't ask for anything more
'Cause you can have all the money you'll ever need
And spend your life looking for
One true friend
Is what you've always been to me
One true friend
Is what I always wanna be
To have someone to love you
Now that's true happiness
May you live to be a 100
May I live one day less
I couldn't live without you
If I had to be alone
But I'll be waiting on the other side
When you find your way home
To your one true friend
Is what you've always been to me
One true friend
Is what I always wanna be
To have someone to love you
That's true happiness
May you live to be a 100
May I live one day less
