

# Keep Drivin'

[Hayley Sales](#)

You say the rent is due  
And you got nothing but your shame  
The landlord's spreading glue  
All over everything you dreamed Nothing's going right  
But wrong left you behind  
The stop sign's blinking blue  
And the road is running blind But you got to keep drivin'  
Keep drivin'  
Keep drivin' 'til you turn it around  
You got to keep drivin'  
Keep drivin'  
Keep drivin' 'til you turn it around The love you loved is gone  
She up and cut the strings  
She took away your clowns  
And left you to your demons Reality just bounced  
Like that check you tried to cash  
And all you've got to lose is just about  
Everything you have But you got to keep drivin'  
Keep drivin'  
Keep drivin' till you turn it around  
You got to keep drivin'  
Keep drivin'  
Keep driving 'til you turn it around Stuck in limbo  
With no windows  
I know you're feeling low but if you keep on looking up  
Someday luck will break you out Keep drivin'  
You gotta keep drivin' Keep drivin'  
Keep drivin' 'til you turn it around
