I surrender

Samantha Fox

To the spirit of the night, I surrenderI've got a secret I cant keep
That burns inside when Im in my sleep
I try to hide from your memory
But you come back and its haunting meWhat will I find in this fantasy?
If I go with you now, will you set me free?And I surrender to the spirit of the night
I surrender, I surrender
The darkness is my lover and nights of pleasure
So, I surrender to the spirit of the nightI take cover from the light of day
But you keep calling and I obey
I dont remember where I have been
But you come back to me in my dreamsWhat will I find in this fantasy?
If I go with you now, will you set me free?And I surrender to the spirit of the night
I surrender, I surrender
The darkness is my lover and nights of pleasure
So, I surrender to the spirit of the night, I surrenderI go crazy when the sun goes down
And it takes control as I hit the town
I give my body to the heat of the night
And let no man judge if its wrong or rightAnd I surrender to the spirit of the night
I surrender, I surrender
The darkness is my lover and nights of pleasure
So, I surrender to the spirit of the night, I surrenderAnd I surrender to the spirit of the night
I surrender, I surrender
The darkness is my lover and nights of pleasure
So, I surrender to the spirit of the nightAnd I surrender to the spirit of the night
I surrender to the spirit of the night, I surrender
Big city lights pouring down like rain
And I surrender to the spirit of the night
