

I'll See The Light Tonight

[Yngwie Malmsteen](#)

I've seen visions in the night, passing through the stars
Who's to run and who's to fight?
Evil tries to pull me in, enslaving me to die
Who's to lose and who's to win? I'll see the light, tonight, flashing through the sky
Take my life, tonight Now, the chaos has begun, people crying out
You're all alone, you gotta run
Victims of circumstance, not able to decide
No, we never had a chance I'll see the light, tonight, flashing through the sky
Take my life, tonight I'll see the light, tonight, flashing through the sky
Take my life, tonight Evil tries to pull me in, enslaving me to die
Who's to lose and who's to win?
Victims of circumstance, not able to decide
No, we never had a chance I'll see the light, tonight, flashing through the sky
Take my life, tonight I'll see the light, tonight, flashing through the sky
Take my life, tonight
