Naivety

A Day to Remember

What I hate about getting older
Where's my naivety?
Wonder when I'm gonna get taller
Where's my naivety?
Thinkin back when we were younger
All of the things we believed that we could do
Don't wanna live by fear of failure
Where's my naivety?Somehow lost along the wayThis is me
Honestly
I've got no apologies
I'm done chasing things that don't belong to me
This is real
It's how I feel
With one shoulder on the wheel
What I'm searchin for grows further out of reachWhat I hate about getting older
Where's my naivety?
Wonder what it's like not bein sober
Where's my naivety?
Lookin back when we were younger
Every mistake was a chance that we could take
Now I think I'm just gettin colder
Where's my naivety?It got lost along the wayThis is me
Honestly
I've got no apologies
I'm done chasing things that don't belong to me
This is real
It's how I feel
With one shoulder on the wheel
What I'm searchin for grows further out of reachI swear you won't take me back
I don't care that's all in my past
I'm waitin for what's next
And I won't let it slip away
Get me through another dayThis is me
Honestly
I've got no apologies
I'm done chasing things that don't belong to me
This is real
It's how I feel
With one shoulder on the wheel

What I'm searchin for grows further out of reach
