

Sea of Dreams

Orphanage

Unknown paths of the mind, glooming spheres of consciousness

Reveal the second face of your life

When you please the soul, you'll be unfolded

But serenity is lost

As you fall into confusion of your mind

Dusk you'll see!

Sail the sea of dreams

Vision immortality, escape the destiny of your real life

Would you like to be drowned in sleep forever?

Join me and stay then darkness will remain

And drain your consciousness

Then you'll see the world from beyond

- coward solution, easy way out

Real life ignored

- fantasy taking over now

Mirror the past

- get a life or wake up dead

What do you fear?

- is it your mind or life you dread?

I think it's you!

The sea of dreams, it's currents take you from the shores of

Existence

Fail and dream

Fail!
