

# Moving on Up (On the Right Side)

**Beverley Knight**

I'm moving on up the right side  
where money's no friend of mine  
I realise your importance  
I'm gonna leave what's left behind Ooh I'm going uptown downtown roundtown baby  
shaking my head for you  
now I'm understanding Love is the only way to lead a better lifestyle  
nothing else for free can change your whole way of living  
the only security to lead a better lifestyle  
the best things in life are free  
thank you for showing me You're giving me all new direction  
I'm leaving the rat race behind  
I'm giving it all up 'cause I've found  
a loving state of mind
