Rushing

Nada Surf

I shut down
I don't know why
Thought I didn't need
Another star in the skyI closed off
Thought I didn't have room
For the risk it would take
What I thought I could loseBut you come
Rushing at me
I forget my body
You come
Rushing at me
And I forget my body
You come
Rushing at me
I forget my worryA human river
I watched it go by
I sat on the banks
Solitary driveI replayed
The films of my life
Thought I'd come to the end
I told myself it was fineAnd you
You let me in
And I
I let you in
And we
We are transported
And You
You let me in
And I
I let you in
And we
Are elevated
Finally unguardedYou come
Rushing at me
I forget my body
You come
Rushing at me
I forget my body
You come

Rushing at me
I forget my worryI hadn't landed since I don't know when
And now I feel like I can breathe again
I see the street lights
Laying on your skin
Laying on your skinYou come
Rushing at me
I forget my body
You come
Rushing at me
I forget my body
You come
Rushing at me
I forget my worryI hadn't landed since I don't know when
And now I feel like I can breathe again
