

Back for a Taste of Your Love (2016 Remastered)

Foghat

Here I come, comin' for a taste of your love
Here I come, 'cause I like what you're doin' to me
Little by little, bit by bit
I'm fallin' in love all over again
Here I come, just like I did before
Here I come, love this time I'm sure
It takes two to make it
And I know I can't take it again
Here I come, comin' for a taste of your love
Here I come, just like I did before
What you did, you just came down on me
You got the lock but, baby, I hold the key
Little by little, bit by bit
I'm fallin' in love all over again
Comin' for a taste of your love
Comin' for a taste of your love
Comin' for a taste of your love
Comin' for a taste of your love
I'm comin' for a taste of your love
Comin' for a taste of your love
Comin' for a taste of your love
Comin' for a taste of your love
Comin' for a taste of your love
Comin' for a taste of your love
Sweet, sweet taste of your love
Comin' for a taste of your love
Sweet, sweet taste of your love
Comin', comin'
Comin' for a taste of your love
Comin', comin'
Comin' for a taste of your love
