## Kyuss

One blow till I'll take ya' down, I'll take ya down
One smoke and your head spins around and around
Chrome mags, a million drags, a never lags
An ol' transport queen momma you never seenHear a purrin' motor
And she's a burnin' fuel
Push it over, baby
We're makin' love unto youPower booster, I'm talkin' to God and more
Crank it up and above my head
Smell my shit eating grin on the skin of my world
Six hundred sixty six miles per hourHear a purrin' motor
And she's a burnin' fuel
Push it over, baby
We're makin' loveHear a purrin' motor
And she's a burnin' fuel
Oh, they were burnin'
Push it over, baby
We're makin' love unto you
Makin' love unto you, makingGet back, get back a-rollin'
Get back, get back a-rollin'
Get back, get back a-rollin'Get back, get back motherfucker
Get back, get back a-rollin'
Get back, get back motherfucker
Get back, get back motherfuckerMotherfucker, motherfucker
