# Boy/Girl

## U2

Boy-girl, boy-girl
When a boy meets a girl, boy-girlFinding out, I'm finding out the things
That I've been talking about, I'm finding all the things
That I've been missing out, finding all the things
I lose my mind, sometimes fall behindYou and I we live on the big ship and time goes by
You make up and I believe a lady's lie
The skinheads call it strawberries and cream
Sometimes I screamBoy-girl, boy-girl
When a boy meets a girl, boy-girlWe go out a picture or a disco or a roundabout
I walk you home, I hold you there, you're giving out
I open doors so I can shut your face, know your placeBoy-girl, boy-girl
When a boy meets a girl, boy-girlYou can take me in your hand
Stand back, leave me, come in
Up and down and all around
You will sideways to the groundBoy-girl, boy-girl
When a boy meets a girl
