Special

Nick Carter

She makes me wanna fly

Both feet on the ground

Takes me to this place

I don't wanna come downIt gives me something fresh

Someone that is real

Separate from the rest

Makes me wanna feelI got the perfect invitation

To a world that's full with smiles

With our spirits free and wild

But it's a bittersweet sensation

'Cause I'll never have her heartNo matter how I try

She's always on my mind

At night, everyday

And with every breath I take on the wayShe'll make a grown man cry

With one look deep into her eyes

Outrageous, make you crazy

It's amazingShe's special, she's special

So special

She's special, she's special

She's special

Yeah, yeahFootprints on the sand

Hear the ocean crash

Underneath the moon

Walking hand in handShadow by my side

Wishing you were mine

Keep you in my dreams

Locked deep inside got the perfect invitation

To a world that's full with smiles

With our spirits free and wild

But it's a bittersweet sensation

'Cause I'll never have her heartNo matter how I try

She's always on my mind

At night, everyday

And with every breath I take on the wayShe'll make a grown man cry

With one look deep into her eyes

Outrageous, make you crazy

It's amazing, she's specialOh, I swore to you, girl, I will follow

I know some day you'll want me

When you're not so cold and lonely

I'll be the whisper in your ear

If ever you should call me I'll be hereNo matter how I try

She's always on my mind

At night, everyday

And with every breath I take on the wayShe'll make a grown man cry

With one look deep into her eyes

Outrageous, make you crazy

It's amazingShe's special, she's special

So special

She's special, she's special

Yeah, yeahShe's special, she's special

So special

So special

So special

She's special, she's special
