

# Aftermath

## Armored Saint

So let it be felt aftermath  
Shades of hell  
I set them free  
But struggle eternallyIt's too late now  
To turn the clock around  
Frozen world outside  
Made by foolish prideTime to mend  
Your life begins  
Breathe for me  
Make me feel  
I'm not aloneRowen, final stunt  
Will the blood shed?  
End at once  
Rowen is no doubt  
Life in limbo  
Is our home now
