

Rainy Day

Susan Christie

Rainy Day
Go far away
I'm tired of blues
I've gone through
 Lonely nights
Eight thousand sights
Of times I once knew
 Go away
 You Rainy Day
Far away outta my mind
 I should of known
When times they got hard
You'd go and steal away

The cards broke right
 You're out of sight
And so I named you Rainy Day
 Transparent dreams
 Not what they seem
 Float by in shades of grey
 Dusty shadows
Dancing 'round in my brain
Yeah their name is Rainy Day
 Rainy Day
 Go far away
 I'm tired of blues
 I've gone through
