

# Story Of My Life

Jennifer Lopez

Play This Record As Frequently As Possible...

Your Relation To Me  
Feeds my Empty Existence  
I guess I choose what to See  
Beause I'm Feeling Resistance  
So turn the lights on below  
The time we have is too precious  
You Said that you'd never go  
I know that lying is infeccious  
So Don't Let me down...

Breaking My All rules today (Oooh)

I Know that I Should walk away  
I'm falling again for someone  
Who doesn't feel right  
As the Story of My Life  
I thought you were ready to be  
Starting my happy ending  
Sometimes I choose what to see  
Forget what I've been defending  
Before the day fades today  
It comes a break In the weather  
I made you say goodbye  
'Cause I can't say forever (No...)

So Don't let me down...

No...

Breaking My All rules today (Oooh)

I Know that I Should walk away (Oooh)

I'm falling again for someone  
Who doesn't feel right  
As the Story of My Life  
One in a million

But if you're ready to listen

I Know that I can stubborn

Maybe it's me, But I've been to blind to see

Breaking My All rules today (Oooh)

I Know that I Should walk away (Oooh)

I'm falling again for someone  
Who doesn't feel right

As the Story of My Life  
Keep Walking...  
I Keel Walking  
Keep Walking...  
I Keel Walking  
Keep Walking...  
I Keel Walking  
As The Story Of My Life
