## Evergrey

This is not for me  
I can't persist or breathe  
that which poisons me  
My angels are falling and I lie bare  
Felled by the arrows of a different calling  
Urging me to look,  
look the other way  
Faith's amiss and I'm astray  
This was never meant for me  
so why would I stay?The winter  
once brought me this sorrow  
Since everything seems to hurt  
just let me go  
Got doubts enough to fill,  
an emptiness, a void  
I'm on the other side of life  
where I don't belong  
I threw myself in heaven's arms  
Wore my open wounds to see  
You swore yourself to me  
So join my hands in search of truth  
Please take the giant leap with me  
This world is not for me  
So why should I stay?The winter  
once brought me this sorrow  
Since everything seems to hurt  
just let me go  
I used to be stronger  
I used to want this more  
Is everything meant to hurt?  
It won't leave me alone  
Layer after layer  
I need to keep this hidden  
Brick after brick  
buries it deeper and deeper  
Leave it in the could  
to be forgotten to grow oldThe winter...  
once brought me this sorrow  
Since everything seems to hurt

just let me go  
I used to be stronger  
I used to want this more  
Is everything meant to hurt?  
Just let me go
