

# Mental Medication

U.K.

Mental medication  
Sweet music's conversation  
Play for all creation here  
Melody fairLost in contemplation  
Drown'd in meditation  
Need your inspiration nearWhen I'm alone  
I remember  
Truth is lastingWith the sun in your eyes  
And a simple disguise  
You fooled me  
Strange how your calling is clearFrom the sound of your voice  
You don't give me no choice  
You move me  
Deep lies desire for your quick'ning fireWell it's a hell of a ride  
When your courage inside  
Deserts you  
Clear though the calling may be...In a terrible way  
You continue to say  
You need me  
Show me the way through your dark red doorMental medication  
Music's conversation  
Need your inspiration near  
Melody fair
