King

Niykee Heaton

[Verse 1]
Seen the lights from far away
I can feel you in my dreams always
I can hear you in a feedback wave
Shit is so strange, but it's all in my face
And your status updated pretty petty
Pretty reckless of me
You feel me
You feel me
You make me reign down hard[Pre-Chorus]
I feel you in my brain I can feel you well
Nothing that I can say that won't turn you on
I want you in my lane, want you sidecar
Ride it hot, play it large, make it big, spend it all[Chorus]
And when I'm gone
And when I'm gone
And when I'm gone
You know I'll reign
I am his king always
Ooh-ooh, ooh-ooh
I am his king always
Ooh-ooh, ooh-ooh
I am his king always[Verse 2]
Overtime I'm falling low
Cause I don't want this, I don't want this no more
No, see, I don't want this no more
I feel you slay my soul apart
And I can't see you in this thing, I know it's hard
But baby all that is insane is what we are
I feel it inside[Pre-Chorus]
I feel you in my brain I can feel you well
Nothing that I can say that won't turn you on
I want you in my lane, want you sidecar
Ride it hot, play it large, make it big, spend it all[Chorus]
And when I'm gone
And when I'm gone
And when I'm gone
You know I'll reign
I am his king always

Ooh-ooh, ooh-ooh
I am his king always
Ooh-ooh, ooh-ooh
I am his king always[Bridge]
He's in love with making love making love to a masochist
Mixing drugs with a thug and a pacifist
So I ravish him, so I ravish him
He's in love with making love making love to a masochist
Mixing drugs with a thug and pacifist
So I ravish him, so I ravish him[Chorus]
And when I'm gone
And when I'm gone
And when I'm gone
You know I'll reign
(I'll reign, I'll reign)
I am his king always
Ooh-ooh, ooh-ooh
I am his king always
Ooh-ooh, ooh-ooh
I am his king always
