

Thoughts About Roxanne

John Mayall

I call her on the telephone
But she is hardly ever home
I know shes gotten a lovin man
And so I see her when I canRoxanne will always be my friend
And thats the way Ill keep her loveI think shes pretty as a rose
I take her out and buy her clothes
Id like to take her home with me
But I must wait until shes freeRoxanne will always be my friend
And thats the way Ill keep her loveI love to touch her when we walk
I love to listen to her talk
The way I feel I cant explain
But I will wait for her againRoxanne will always be my friend
And thats the way Ill keep her love
