

And It's Forever

Junior Boys

Don't wanna see you
Come apart
What you can handle
Don't even start
Used to love it baby
In the park
Just wanna do it in the dark
Should I wanna see you
Got a broken heart
Learn to live with it
Suffer through
There's no protection baby it's up to you
I was holdin on and out of touch
Everything I say don't seem to matter much
It's what I do for you
It's what I do
It's what I do for you
It's what I do
It's what I do for you
It's what I do
It's what I do
It's what I do for you
It's what I do
It's what I do
Don't wanna hold you
Don't wanna stay
Just another man, a lover
To keep away
Used to love it baby
But I [?]
Another lonely boy to choose
I wanna see you
Gonna lose
I got used to it
And so did you
Every time you hear it
It's just something that I do
Come on next to me
and cuddle up
Certain promises [?]
It's what I do for you

It's what I do
It's what I do for you
It's what I do
It's what I do for you
It's what I do
It's what I do for you
It's what I do
Coming down is easier
It's what I do for you
It's what I do
It's what I do for you
It's what I do
It's what I do for you
It's what I do
It's what I do
