

Master Race (In Outer Space)

The Vandals

one two three four - master race in outer space - they had to leave this earthly place - all the allies and the Russians too - this nazi shit don't do - this nazi shit don't do - this nazi shit don't do - so we launch them to the moon - the secret moon base was nearly complete - so we put the plan in motion for the space age feat - Germany was about to fall - they loaded up the rockets and launched them all - this nazi shit don't do - this nazi shit don't do - this nazi shit don't do - so we launched them to the moon - master race in outer space - they had to leave this earthly place - all the allies and the Russians too - this nazi shit don't do - this nazi shit don't do - this nazi shit don't do - so we launched them to the moon - one small step for man - one huge step for mankind (sieg heil baby) - one small step for man - one huge step for mankind (sieg heil baby) - this nazi shit don't do - this nazi shit don't do - this nazi shit don't do - so we launched them to the moon - master race in outer space - they had to leave this earthly place - all the allies and the Russians too - this nazi shit don't do - this nazi shit don't do - this nazi shit don't do - so we launched them to the moon
