Let Me Trade You(Lyrics)

.

.

Let me trade you for my strength
Bring your weakness and be strong
Bring your poverty for my fullness of wealth
In my Kingdom the is all that you need

.

.

Let me trade you Disappointments,
Loneliness and despair
Your inadequacy for my adequacy
In my kingdom the is all that you need

.

.

(Ooh,ohoho,
Let me trade you
I will trade you
Ooh,ohoho,
Let me trade you
I can trade you

.

.

Come and trade it
No holding back
All your needs, I'll take care
I'll look everywhere
I won't let you fall
In my kingdom I take care of my all

.

.

Let me trade you for my JOY,
Joy everlasting everyday
Raise and just receive
Hand your past in return
In my kingdom, I provide for my all
There's no need to lack for anything by yours
available
Would you trade me?

.
.
Yes, I'll trade you for all of that sadness
There's no need to be down and out
Come and dine on the masters table, cause here
there's all that you need
.
.
Take mine and let me take what is yours
The cross paid it all possible
All you need to do is just believe and I'll trade it
for that kinda life
.
.
Ooh,ohoho,
Let me trade you
(I can trade you)
I will trade you
Ooh,ohoho,
Let me trade you
I will trade you
.
.
I am holding nothing back
All it's mine now it is yours
Just believe let's make thee exchange
My promise are true
.
.
Yes,I'll trade you for all of that sadness
There's no need to be down and out
Come and dine the masters table
Cause here there's all that you need
.
.
Take mine and let me take what is yours
The cross paid it all possible
All you need to do is just believe and I'll trade
you for that kinda life
.
.
Ooh,ohoho, Ooh,ohoho
Ooh,ohoho, Ooh,ohoho
.
.

Let me trade you
(Let me trade you)
I will trade you
(I can trade you)
Let me trade you
(I can turn your situation around, Let Me)
.

.
Let me trade you
(Take me at my Word)
I will me trade you
(Let me be your God)
Let Me trade you
(Stretch out your hand, let me trade)
.
.
Let me trade you
(I can change your situation)
I will trade you
(No need to give up)
Let me trade you
(No need to feel despair)
.
.
