

Olde English 800

The Amity Affliction

O, L, D, E,
E, N, G,
L, I, S, H,
Eight hundred,
Now I feel a whole lot better about myself
O, L, D, E,
E, N, G,
L, I, S, H,
Eight hundred,
Now I feel a whole lot better about myself
You're charcoal filtered,
Sun yellow malt liquor,
You make my grey skies blue
I drink it daily,
As my liver's failing,
But I don't give a fuck,
Olde English I'm in love with you
O, L, D, E,

E, N, G,
L, I, S, H,
Eight hundred,
Now I feel a whole lot better about myself
O, L, D, E,
E, N, G,
L, I, S, H,
Eight hundred,
Now I feel a whole lot better about myself
You're charcoal filtered,
Sun yellow malt liquor,
You make my grey skies blue
I drink it daily,
As my liver's failing,
But I don't give a fuck,
Olde English I'm in love with you,
Olde English I'm in love with you,
Olde English I'm in love with you,
You!
