

Fight to Survive

White Lion

And it all began the day that he was born
The boy looks up the sky's blue the sun so warm
At time spent that's numbered, the young ones on the loose And the clock keeps turning, the times are spent in
fast
Cooling off his burning fire, through his soul
He brings out hope, fight for survival You fought the frantic and is easy falling down
He feels the emptiness
That pulls him towards the ground Oh, bring out your shield
Raise high your sword
Fight to survive Run, plea for your life
Look toward the sun
Fight to survive As you walk along the shore your thoughts run by
The questions are you your empty thought thoughts deep inside
And you feel like thunder since you are on the loose As the times keep going lives fly by fast
Then you feel you're growing tired
You say, No, look toward the sun, fight for survival You fought the frantic and is easy falling down
He feels the emptiness
That pulls him towards the ground Bring out your shield
Raise high your sword
Fight to survive Run, plea for your life
Look toward the sun
Fight to survive You fought the frantic and is easy falling down
He feels the emptiness
That pulls him towards the ground Bring out your shield
Raise high your sword
Fight to survive Run, plea for your life
Look toward the sun
Fight to survive Oh, bring out your shield
Raise high your sword
Fight to survive Run, plea for your life
Look toward the sun
Fight to survive Fight, fight
Fight, fight
Fight, fight
Fight, fight
Fight, fight
Fight, fight
