You either play ball or rap if you aint dealin

I'm stuck in the past

Shit changed since the 80s (What)

I know ladies, that got babies wit babies

Out here its basketball and speedbags

And guns that'll stiffin you up like freeze tag

[Tony Yayo]You can talk tough to them cowards that you pick on and beat up

And walk around town wit your whole fuckin re-up (Yayo)

Flashin singles, wit the 20s on top

While I'm ridin on 20s in the juky drop top

So never show love wit ya left hand

You'll lose 5 liters of blood a thug's a dead man (come on)

You niggas don't know what pain is
The only scar on ya body's a stretch mark (stretch mark)
[Tony Yayo]Keep ya mouth shut, and keep ya ears open
Cause it's liver than P-89s when we approachin (what else)
