Boyish

Hippo Campus

[Verse 1]
I stuck her arms in a really tight noose
Your build of touch, sends me back toward the moon
Daddy's coming home but Momma's looking guilty
Brother's in the basement till he's standing
Blowjobs heavy with the weight of the world
Stowing all his love in an adolescent girl[Chorus]
The sunlight dripping off the apricot tree
Lost to the night, tide going in deep
Singing to the drunks like our momma did
All we ever knew, is what we didn't [hear?]
[Verse 2]
Never really know if I did something wrong
All I ever had was "it wasn't my fault"
But what good is truth if you don't understand
Nothing but a path of calloused hands[Chorus]
The sunlight dripping off the apricot tree
Lost to the night, tide going in deep
I would save the Earth
I would save the Earth
I would save the Earth
I would save the Earth
Singing to the drunks like our momma did
All we ever knew is what we didn't hear
I would save the Earth
I would save the Earth
I would save the Earth
I would save the Earth[Chorus]
The sunlight dripping off the apricot tree
Lost to the night time living in deep
I would save the Earth
I would save the Earth
I would save the Earth
I would save it
