

# Missin' You

Dave Hollister

Yeah, wha, wha  
Wha, wha  
I miss you, baby  
Yeah, wha, wha  
Yeah, check me out Oh baby, why do we have to go here?  
You know it's not what I really wanted, baby  
I know I messed up many times but so did you  
So claim your share baby, whoa (And now)  
We gotta find a better way, baby  
(Somehow)  
Uh, I know that we can work it on out, baby  
I was a victim of my pride  
Now I can't hide, the fact that I'm missin' you  
Ohh, missin' you I'm missin' you  
So what are we gonna do about it, boo?  
'Cause I've been all alone since you've been gone  
Baby, come back home Yeah, now girl, you know, ha  
That we were meant to be, so what the deal?  
Baby, please tell me no other love can compare  
To the one we share, girl, I'm fiendin' baby, whoa, ohh (So now)  
It's gotta be a better way baby  
(Somehow)  
Uh, somehow we got to work this shit on out, baby  
See, I was a victim of my pride, now I can't hide, baby  
The fact that I'm missin' you, missin' you, yeah  
Ohh oh, missin' you I'm missin' you  
So what are we gonna do about it, boo?  
'Cause I've been all alone since you've been gone  
Baby, come back home I'm missin' you  
So what are we gonna do about it, boo?  
'Cause I've been all alone since you've been gone  
Baby, come back home I think I need a little help  
Levi, where you at? I'm missin' you  
So what are we gonna do about it, boo?  
'Cause I've been all alone since you've been gone  
Baby, come back home I'm missin' you  
So what are we gonna do about it, boo?  
'Cause I've been all alone since you've been gone  
Baby, come back home I'm missin' you

So what are we gonna do about it, boo?  
'Cause I've been all alone since you've been gone  
Baby, come back home
