Sweet Honesty

MG

Love is all we need
With it, you know that we can
That we can get along
You and me, we can only get better
Building a love that's strongBut then you went and you lied to me
And i don't know if I'll ever believe again
It's just something inside of me
But it's you you're deceivingSweet honesty
Want to believe you could be the one for meNeed your sweet honesty
Can you give it to me?
All the love that we had
And I'm down on my knees
'cause I'll walk out today
If you treat me this way
Need your sweet honesty
Honestly
