

# Coming Down

## The Weeknd

Oh ohh (x5)I got something to tell you but don't know how imma say it,  
I guess that I could only say one thing,  
Girl I been bad again, girl I been bad again,  
Cause with this money comes problems  
and with these problems comes solutions,  
And I use em'  
When I'm faded i forget..  
Forget what you mean to me,  
Hope you know what you mean to me,Pick up your phone,  
The party's finished and i want you to know,  
I'm all alone, im feelin' everythin before i got upI always want you when I'm coming down (x8)Poppin again, I  
tried to quit again,  
I'm always tight with something I begin  
That's why my niggas got me to the end,  
Supply what I take, I take what I spend baby,  
I ain't lying to nobody but me.  
And you, and me,  
But you especially,Pick up your phone,  
The party's finished and I want you to know ,  
I'm all alone, I'm feeling everythin' before I got up  
I always want you and I'm coming down (x8)Pick up your phone,  
I'm all aloneI always want you and I'm coming down (x8)
