

# Feelin' Down Farther

## The Doobie Brothers

Well, the sun is shinin a new day is here  
All the people smilin and the sky is clear  
Not an hour wasted will I share with you  
Got to keep lovin, mama no matter what I doOoh, ooh, ooh I got to tell you  
Feelin down farther, feelin farther down  
Feelin down farther, baby, feelin farther down  
Feelin down farther, feelin farther down  
Feelin down farther, baby, feelin farther downJesus, hear me when I sing out loud  
The echoes of my gladness fall upon the crowd  
I dont care for sadness and I dont need fear  
Hope they finally realize that the feelin is nearOoh, ooh, ooh I got to tell you  
Feelin down farther, feelin farther down  
Feelin down farther, baby, feelin farther down  
Feelin down farther, feelin farther down  
Feelin down farther, baby, feelin farther downOoh, way down low  
Ooh, way down low  
Ooh, way down low  
Ooh, way down lowFeelin down farther, feelin farther down  
Feelin down farther, baby, feelin farther down  
Feelin down farther, feelin farther down  
Feelin down farther, baby, feelin farther downWell givin and receivin are all I know  
Some of you will find it and youll probably let it show  
Only one thing that I know to be true  
Every day is different, mama and so are youOoh, ooh, ooh, oh  
Feelin down farther, feelin farther down  
Feelin down farther, baby, feelin farther down  
Feelin down farther, feelin farther down  
Feelin down farther, baby, feelin farther downFeelin down farther, feelin farther down  
Feelin down farther, baby, feelin farther down  
Feelin down farther, feelin farther down  
Feelin down farther, baby, feelin farther down
