

# I Know So

Wayne Newton

Some things you can't be  
sure about in life  
The future ain't spelled out  
in black and white It keeps you guessin'  
Keeps you asking questions  
every day  
Yeah, Life's that way But baby when you asked me  
if I need you  
I don't just think so  
I know so The way you hold me  
The love you show me  
the way you make me feel  
I feel like dancin'. Dancin' all  
night long. Baby in your arms Well I'll prove to you  
with a heart that's true  
you never have to wonder  
if I do, I do girl Don't you ever doubt  
what I'm talkin' about Cause baby when you ask me  
if I love you  
I don't say so  
I know so Well honey rest your eyes  
and rest assured  
tomorrow when you wake up  
I'll be yours The end of the night  
I'll still be lyin' next to you  
Next to you Cause baby when you  
ask me if I want you  
I don't think so  
I know so The way you hold me  
The love you show me  
the way you make me  
feel, I feel like dancin'
