

Mendy Never Sleeps

DOLLY PARTON & PORTER WAGONER

Mendy is sixteen and uncontrollable Mendy is only a child
Mendy is in with the in-crowd Mendy is ever so wild
Mendy's hair hangs straight and long Mendy feels this is a must
Mini skirts and many friends and many heartaches for us
Mendy finds a plenty to do but Mendy never sleeps Mendy slips out of the house in the evening when the sun is
sinking
Mendy is out with the in-crowd Mendy is smoking and drinking
There's a different shine in Mendy's eyes
And the color is gone from her cheeks
Mendy is a swinger but Mendy never sleeps
Mendy never sleeps and Mendy is growing weak
Mendy lies lifeless and limp in our arms now....
Oh Mendy please don't go to sleep
