

# Echo (remix)

## Gorilla Zoe

Echo  
You did it to yourself  
Now you're all by yourself  
Acting like you hate me  
I left because you made me  
You played me to the left  
Now there's nobody left  
To hear your complaining  
I'm gone and all you hearing is your own  
Echo, e-e-echo  
And I'm gone and you're all alone  
Can't you hear the  
Echo, e-e-echo?  
No one to hear you  
There's nobody near you  
It started off great but who was to know  
That love that is lost, cannot be let go?  
You say it's my fault, okay, then I'll go  
It's better to know  
Now there's nobody to argue with  
'Cause I'm not home  
Don't care who you're with  
Don't call my phone  
Or did you forget  
You know you're wrong?  
I'm gone and you're all alone  
Hearing your own damn  
Echo, e-e-echo  
And I'm gone and you're all alone  
Can't you hear the  
Echo, e-e-echo?  
Nobody near you  
There's no one to hear you  
Disgusted with trust  
I'll trust no one no more  
Just went with the flow  
Found myself on the floor  
When you went away  
All my pain went astray

Like it's a new day  
Now I have no one to argue with  
'Cause I'm not home  
Don't care who you're with  
Don't call my phone  
Or did you forget?  
You know you're wrong  
I'm gone and you're all alone  
Hearing your own, damn  
Echo  
Hearing your own, damn echo  
No one is near you  
No one can hear you  
It's your own damn  
Echo, e-e-echo  
No one to hear you  
There's nobody near you  
All night long, I thought to myself  
Why would I stay with you?  
Realized that you were the one who had issues  
So why would I miss you?  
To argue with 'cause I'm not home  
Don't care who you're with  
Don't call my phone  
Or did you forget?  
You know you're wrong  
I'm gone and you're all alone  
Hearing your own damn  
Echo  
It's just you and your e-e-echo  
It's just you and your  
I hope you're talking alone  
It's just you and your echo  
It's just you and your e-e-echo  
There's no one to hear you  
There's nobody near you  
Just your own damn echo  
Your own damn e-e-echo  
Echo, e-echo  
Echo, e-e-echo, echo, e-echo  
To argue with 'cause I'm not home  
Don't care who you're with  
Don't call my phone  
Or did you forget?  
You know you're wrong

I'm gone
