

# Put It On Me

**DJ Valik**

Y'all ready to get dirty?  
Do y'all really wanna get X-rated?  
    He, bottoms up  
    Just hit me up when you need  
    Sex, endo and Hennessey  
    Won't you just put it on me  
    I just want your company  
    (Come on baby)  
    Put it on me  
    Relax and come chill with me  
    Kick back, I got what you need  
    Won't you just put it on me  
    We back, we mack, stay blunted  
    Knee pads, yo hoes they wanted  
    Penthouse two o'clock eleven hundred  
It ain't no fun if I can't reroute your hoes in this direction  
    Swerve in the intersection, I'm done, she restin'  
    No question, done session  
Home wreckin', Doc motherfuckin' Dre, no guessin'  
    Nothin' less than, I mess when I'm sexin'  
    Bang on the block  
    Even Asian bitches like to bang cock  
    Draws drop, she bunny hops  
    On it like a pro, she comes out the clothes  
    But, uh, she flips the dildos  
    Whether in the Pumps, Nikes or the steel toes  
    Dre, you can spot it in the Benzos  
Squawtin' real low, got me drivin' real slow, she's a real ho  
    And even though her parents spent the fat chip  
    On that private school chip  
    She graduated, got some thug dick and flipped  
    No more checkered sweater, vest and plaid skirts  
    She's out here naked more or less and that hurts  
    But she's in good hands 'cuz Suga Free palmin'  
    He sent her to the Sheraton with Thomas  
    If you need 'em they at 310-629-9755  
You hit 'em and they let you know when she's arrived  
    Oh, she okay, she just runnin' an errand  
    With this Portuguese dime piece named Karen

Bouncin' through the mall, spottin' 'em all  
A sucker for a dick sucker ready to fall  
For a daughter like yours  
Got him pattin' his pocket and comin' out his drawers  
Layin' his jacket on puddles, openin' the doors, all for what?  
Because I promised her my name  
Gave her the game and still ain't fucked  
Just hit me up when you need  
Sex, endo and Hennessey  
Won't you just put it on me  
I just want your company  
(Come on baby)  
Put it on me  
Relax and come chill with me  
Kick back, I got what you need  
Won't you just put it on me

(Come on baby)  
Put it on me  
Fuck everybody, let's just go  
(Come on baby)

We can get drunk, have some fun and blow some smoke  
(Come on baby)  
My spot is close, c'mon let's roll  
(Don't trip)  
Now keep it on a low, low  
Now we just kickin' back playin' on some PS2  
Contemplatin' the game Dre and me best do  
If you feelin' froggies then leave when we test you  
But I'm guaranteein' you bitches leavin' three less two  
Never mind what that love and hate one pairs do  
Y'all just snicker at that hooker when we all pass through  
Dr. Dre and DJ Quik will probably outlast you  
You're like see-through pair of boxers nigga yo ass through  
Bitch, you need some good dick, I got that too  
Speed bag the clit, leave it black and blue  
Time of yo live, I got that boo  
Creep late nights up in hotel rooms  
We drank, eat shrooms  
Kill something, crank the volume  
Fuck in every room  
You know your home girl want it, Tag team bitch  
Why you being dick greedy? Tag team bitch  
When she cumms, she drips on mattresses  
Bedroom time comes I handle shit

Wifey caught up me nigga  
That's yo bitch, that's yo biz  
That's show biz, that's how hoes is  
With or without kids  
Long as you keeping it on a hush she ridin' dick  
Ain't been satisfied much, she's been fakin'  
That's why she callin' me, guess what she's sayin'  
Just hit me up when you need  
Sex, endo and Hennessey  
Won't you just put it on me  
I just want your company  
(Come on baby)  
Put it on me  
Relax and come chill with me  
Kick back I got what you need  
Won't you just put it on me  
(Come on baby)  
Put it on me  
Fuck everybody let's just go  
(Come on baby)  
We can get drunk, have some fun and blow some smoke  
(Come on baby)  
My spot is close, c'mon lets roll  
(Don't trip)  
Now keep it on a low, ahh
