

# Attack

## Blitz

Make no mistakes when you turn on the heat  
You win or die taking on the eliteUh huh  
Uh huhYou may fall but there's no going back  
There's no retreat from this attackUh huhAlright, freedom to fight  
Your freedom to choose  
This time we just fucking loseAlright, freedom to win  
Your freedom to lose  
We want the right, the right to chooseWe want the right, the right to choose  
We want the right, the right to lose  
We want the right, the right to choose  
We want the right, the right to loseUh huh  
Uh huh
