

Trailblazer

Oh Land

Feel no pleasure
Nor does it hurt
Chase the now, pull me out
Trailblazer
Feel no pleasure
Nor does it hurt
Chase the now, pull me out
TrailblazerIt's happening it's happening to us
And I'm used to it
The silent curtain's covering
In my head I'm losing
For sanity I'm begging
Questions that I've answered
Questions I've been asking
Curtains covering
What am I using?Feel no pleasure
Nor does it hurt
Chase the now, pull me out
Trailblazer
Feel no pleasure
Nor does it hurt
Chase the now, pull me out
TrailblazerI'm under it I'm under it again
And you ran ahead
The road in all its violence
In my head I'm moving
An opening, I'm coming
Questions that I've answered
Questions I've been asking
All the violence
What am I using?Feel no pleasure
Nor does it hurt
Chase the now, pull me out
Trailblazer
Feel no pleasure
Nor does it hurt
Chase the now, pull me out
TrailblazerSame anger
Same water

Same love
Same air
Run it over and overSame anger
Same water
Same love
Same air
Run it over and overFeel no pleasure
Nor does it hurt
Chase the now, pull me out
Trailblazer
Feel no pleasure
Nor does it hurt
Chase the now, pull me out
Trailblazer
