Silver

Caribou

Every time I leave you, girl
He's the one that's near you, girl, oh I
Even as I drive away
I can hear the words he'll say, oh II guess I don't need her
It doesn't mean I can't get over her
Where you gonna go without me tonight?
Don't you know what that means to me?You were in my dream again
And I could see you kissing him, oh girl
Why'd you have to change your mind?
Just as I was changing mine, oh girlI wish I'd never met you
It doesn't mean I can't get over you
What you gonna do without me tonight?
Don't you know what you do to me?
