Losing Tracks (In Time)

Minimal Compact

Self-exiled, tied and caught
Pulled by wire led into void
How can I tell you? How can I tell you now?
How can I tell you? How can I tell you now?We're losing tracks in time
We're losing tracks in time
We're losing tracks in time
We're losing tracks in timeJe me rappelle ce qu'elle m'avait Ã©crit
"Nous sommes tous des enfants
Dans une vaste Ã©cole perdue
Et le reste c'est l'oubli, l'oubli"Memories lying hurt I forgot
Living and dying I wrote down my note
How can I tell you? How can I tell you now?
How can I tell you? How can I tell you now?
