Ain't No Click

Lloyd Banks

Yeah nigga fuckin' back hunger for more
Tony's home yo Banks I told these niggas man
Y'all done fucked up now
Here we goAin't no click like the one I'm with
If the drama gets thick it's the guns I get
G unit niggas is runnin' this shit
If you ain't reppin' where you from this isWe gettin' doe everywhere we go
And it's killin' 'em slow just to hear me blow
G unit niggas is runnin' this shit
If you ain't reppin' where you from sit downBy now I know you done seen me
On your stadium or TV with three eighty on the E.V
I skeet babies on your breezy and I ain't stoppin'
Only Jake the Jacob could freeze meLeaves me and it's bye, bye gone
We got guns like Popeye arms
I put a ring on their finger but the rats still askin'
'Coz there's one in all they mind I'm the Rap Phil Jackson andI built a rep for murderin' every Whoo Kid
Kayslay and Big Mike admit it the kid tight
And you ain't even put up a fight
So it's back to da amatures wrapped in ya sandwichesI'm hot now so the rats wanna stand with us
They hop in the van with us and clap on cameras
I hit the clubs now I'm back tourin' Canadas
Amongst weed smokers and crap floor gamblersAin't no click like the one I'm with
If the drama gets thick it's the guns I get
G unit niggas is runnin' this shit
If you ain't reppin' where you from this isWe gettin' doe everywhere we go
And it's killin' 'em slow just to hear me blow
G unit niggas is runnin' this shit
If you ain't reppin' where you from sit downMake sure the birds don't get brought to 'em
I watched Kobe go from the basketball court to the courtroom
Go ahead try to do me harm soldier
You'll be in a black bag like grass out the lawnmowerAnd I'll be damn if I co-sign a old snitch
That was gang bangin' when jaws was a goldfish
I'm the name they all screamin' on the street
For bullyin' the bassline and leanin' on the beatI'm well known now so you see me on the creeps
Schemin' on a freak fan blade leanin' on a jeep
Ain't walkin' with the fire so if you say Banks in ya verse
Then you better be talkin' bout TyraFrom PA to LA, Atlanta to Texas
Nashville to Memphis my buzz is tremendous
I pass through the city slow but the hit the gas on the silly hoe

Dumps like ass in my videoAin't no click like the one I'm with
If the drama gets thick it's the guns I get
G unit niggas is runnin' this shit
If you ain't reppin' where you from this isWe gettin' doe everywhere we go
And it's killin' 'em slow just to hear me blow
G unit niggas is runnin' this shit
If you ain't reppin' where you from sit downA'yo, uno, duexo, troiso, quatreo
My clique eat like the 12 holy apostles
And bust down models in flushed out tahoes
Jewels froze look like we hit the lottoP89 my clique filled wit hollows
Stun in the club get hit with yellow bottles
Don't speak ma if your neck don't swallow
'Coz 50 push Bentleys and Dre push DiablosThat Eminem money got cash in my eskro
Screws Mcduck say swimmin' in my cash flow
Yay rappers cracked man I got the best blow
Best flow Banks put me in the booth let's goThink like castro the games in a lasso
Don't jump in the Benz without steps on the petro
God gave me this flow so I am special
And 16 bars nigga I'm finished FinitoAin't no click like the one I'm with
If the drama gets thick it's the guns I get
G unit niggas is runnin' this shit
If you ain't reppin' where you from this isWe gettin' doe everywhere we go
And it's killin' 'em slow just to hear me blow
G unit niggas is runnin' this shit
