

Someday You Will Be Loved

Death Cab for Cutie

I once knew a girl in the years of my youth
With eyes like the summer, all beauty and truth
In the morning I fled, left a note and it read
"Someday you will be loved" I cannot pretend that I felt any regret
'Cause each broken heart will eventually mend
And as the blood runs red down the needle and thread
Someday you will be loved You'll be loved, you'll be loved like you never have known
And the memories of me will seem more like bad dreams
Just a series of blurs like I never occurred
But someday you will be loved You may feel alone when you're falling asleep
And every time tears roll down your cheeks
But I know your heart belongs to someone you've yet to meet
And someday you will be loved You'll be loved, you'll be loved like you never have known
The memories of me will seem more like bad dreams
Just a series of blurs like I never occurred
But someday you will be loved You'll be loved, you'll be loved like you never have known
The memories of me will seem more like bad dreams
Just a series of blurs like I never occurred
But someday you will be loved
And someday you will be loved
